

## BUILDING TRADES PROGRAM REQUIRED TOOL LIST

| ITEM                                       | DESCRIPTION  | APPROXIMATE COST                           |
|--|--|--|
| Tape Measure                               | 25' minimum (prefer Stanley)   | \$7 - \$10 anywhere                        |
| Framing Hammer                             | straight claw, <u>ABSOLUTELY</u> no curved claw<br>20 oz preference -- any bigger is overkill<br>and awkward | best quality brand - Vaughn<br>\$25 - \$30 |
| Aluminum Speed Square                      | Best brand - Swanson<br>2nd Best - Johnson   | \$7 - \$8                                  |
| Leather or Canvas Nail Pouches<br>and Belt | Availability of style and brand varies depending on store location   |  |

### Parents & Students:

In an effort to allow students to purchase better quality items, I have deducted a couple of \$7-\$10 items from previous years' required tool lists and those will now be supplied. Since we are now supplying utility knives, chalklines and safety glasses, I ask that they please stay away from the cheaper brands of items that are on the required tool list. At the beginning of the year, I will demonstrate why I recommend these particular brands and types. Please wait to make these purchases until after I have had the chance to go over this list with them.

Thank you!  
Marv Carlton
