

Hello, my name is Christine Burgin. I taught CTE at Plano High School for many years. I taught Business, Computer Applications, Graphic Design, and even some Family and Consumer Science classes. I was also the yearbook advisor for many years.

I received my bachelors degree from the University of Iowa, and my masters at Northern Illinois University.

I began at IVVC in 2021. As WBL Coordinator, I look forward to helping students have some great experiences in and out of the classroom.
